## Stowe Pool & Stowe Fields

A Lichfield Historic Park

Our application needs to include outcomes for **heritage**, **people** and **communities**.

### How can you help?

Lichfield District Council is putting together an application to the Heritage Lottery Fund (HLF) to improve Stowe Pool and Fields.

In an extension of Lichfield Historic Parks project, we are aiming to bring Stowe Pool & Fields up to the same quality as Beacon Park, the Garden of Remembrance and Minster Pool & Walk, which underwent extensive renovation in 2010 and 2011.

We now need your thoughts and suggestions to make sure our plans reflect what local people want of this green space.

### Outcomes for heritage

- Heritage will be better managed
- Heritage will be in a better condition
- Heritage will be better interpreted and explained
- Heritage will be identified and recorded

>> This could include more benches, better footpaths and access to Stowe Pool, restoring the pillars at the St Chad's interpretation and signage.

### Outcomes for communities

- Environmental impacts will be reduced
- More people and a wider range of people will have engaged with heritage
- Your local area/community will be a better place to live, work or visit
- Your local economy will be boosted

>> This could include creating more wildlife islands, improving the play area, natural surveillance, tree planting and links to other tourism sites in Lichfield.

### Outcomes for people

- People will have developed skills
- People will have learnt about heritage
- People will have changed their attitudes/behaviour
- People will have an enjoyable experience
- People will have volunteered time

>> This could include training volunteers to do guided tours and walks, develop projects for work experience opportunities, and educational features and facilities.
